Terms & Definitions

Term	Description
Achieved Rank	This is the highest rank that a Brand Partner has been paid over any bonus period.
Active Brand Partner	Brand Partners that maintain a minimum amount of Personal Volume are considered to be Active. The minimum amount of Personal Volume to be considered Active is 80 PV or more.
Active Customer	Personally enrolled Customer that has ordered at least 35 PV in the 4 week Active Status Timeline.
Active Status Timeline	The Active Status Timeline is defined as 4 complete bonus periods—the current bonus period and the previous 3 full bonus periods. Personal Volume from orders placed during this timeline is added to determine at what Active status level Brand Partners are for rank and payout calculation determinations.
Bonus Period	Bonus periods are weekly beginning at midnight (12:00 a.m. MT) on Tuesday and ending at 11:59 p.m. MT on Monday.
Carry Forward Volume	Unused volume will carry forward as long as you stay 80 PV Active. A 1:1 ratio rule applies when the carry forward volume on a leg is at least 30,000 CV. "1:1 ratio rule" means that the amount of carry forward volume can only be used up to the amount of newly generated volume in the week for Team Commissions and rank advancement.
Commission Volume (CV)	This volume is used to determine binary tree volumes, PET-V volumes, and any payout calculations (e.g., Team Commissions).
Customer	A person that purchases product either directly from a Brand Partner or through a replicated website. A Customer does not retain a position in the Binary Tree and cannot enroll other Customers or Brand Partners.
CSB Volume	After the 20% CSB and any applicable cash bonuses are paid out, the remaining 50% of volume will roll up for all other payouts, and 100% of volume will roll up for rank advancement.
Cycle	A cycle is paid out weekly at the rate of \$25 (USD) per cycle. One cycle is achieved when 240 CV has been accumulated on one of your team legs and 480 CV on the other. Each rank within the Vasayo Rewards Plan can earn up to a certain number of cycles, as follows: Qualified Brand Partner and Executive Brand Partner can earn up to a maximum of 100 cycles for a total of \$2,500 (100 cycles x \$25 = \$2,500); Bronze 200/\$5,000; Silver 300/\$7,500; Gold 400/\$10,000; Platinum 500/\$12,500; Pearl 600/\$15,000; Blue Sapphire 700/\$17,500; Ruby 800/\$20,000; Emerald 900/\$22,500; Diamond, Black Diamond, Royal Black Diamond & Imperial Black Diamond 1,000/\$25,000; Crown Blue Diamond and up 1,100/\$27,500.
Lesser/Greater Binary Leg Volumes	The Binary Tree is split into two different legs (left and right). The volume placed by Brand Partners/Customers in either leg is added to determine the total volume for each of these legs. Once the volumes have been added, the Lesser and Greater legs are determined based off of the total volumes.
Paid-As Rank	This is the rank that a Brand Partner is paid at for a bonus period.
PE Active L/R Count	Qualified Brand Partner and above requires that a Brand Partner have a set number of personally enrolled and Active (80 PV+) Brand Partners that are placed on the left and right sides of the binary tree.
PET-V Max Per Leg	Personal Enrollment Tree Volumes are tracked within each leg, respectively. This is used for rank advancement determinations for certain ranks that require a specific amount of Enrollment Tree Volume with a maximum amount coming from any one individual leg.
Personal Enrollment Tree Volume (PET-V)	Personal Enrollment Tree Volume is determined by adding all volume placed by all Brand Partners in your enrollment organization (i.e., personally enrolled Brand Partners, their personally enrolled Brand Partners).
Personal Volume (PV)	Generated through your personal and Customer purchases. PV is used for Active status determinations. Personal Volume over 160 PV accumulated during the 4-week bonus period will roll to the Lesser Leg for rank advancement and payouts.
PIB Volume	After the 20% PIB is paid out, the remaining 80% of volume will roll up for all other payouts, and 100% of volume will roll up for rank advancement.
Qualified	For a Brand Partner to be considered as Qualified, they must have at least 2 personally enrolled Active Brand Partners—at least one must be placed on the left Binary Tree leg, and at least one must be placed on the right Binary Tree leg.
Qualified Enrollment Tree Leg	Some ranks require that a Brand Partner have a certain number of enrollment tree Qualified legs. This means that in an individual leg a Brand Partner has at least one Brand Partner paid at the required rank or above. For example, if a rank requires three Diamond legs, then this means that the Brand Partner is required to have three separate enrollment tree legs that have at least one Paid-As Diamond or above somewhere in each one.
